Business Analytics and Information Technology — *Expected graduation: May 2029*
GPA: **3.60**
Relevant Coursework: Statistics, Microeconomics, Macroeconomics, Financial Accounting, Calculus, Supply Chain Management

EXPERIENCE

Titan Lacrosse Development, LLC (Titan Athlete Performance) — **Hawthorne, NJ**
Co-Founder & Owner — *February 2026 – Present*

- Co-founded an athletic-training LLC — recruited **7 coaches**, scaled to **40+ active clients** in two months, and secured an exclusive partnership with Superdome Sports, a multi-million-dollar facility — then **led its pivot** to a digital programming model now serving clients acquired entirely through social channels.
- Manage **content strategy and performance analytics**: analyze engagement data and translate it into production direction for the on-camera team, driving **1.2M views in 30 days** from a 1000-follower account.

Connyct — **New Brunswick, NJ**
Data Analytics & Marketing Intern — *June 2025 – September 2025*

- Conducted **competitive landscape analysis** across the campus social networking space, identifying growth opportunities that informed campaign positioning.
- Analyzed engagement metrics across multiple campaigns and synthesized user feedback into **prioritized feature recommendations presented to product leadership**.

Dunkin' Donuts — **Hawthorne, NJ**
Barista — *June 2024 – June 2025*

- Prepared drinks and food to order during high-volume shifts, closed the store independently several nights a week, reconciling nightly cash deposits and completing close-out procedures.

LEADERSHIP

Delta Phi Fraternity, Executive Board — **New Brunswick, NJ**
Academic Report Chair — *April 2026 – Present*

- **Present academic performance reporting on 100+ members to the executive board and university administration**, flagging at-risk members and translating the data into support initiatives that maintain chapter standing.

PR & Marketing Lead — *November 2025 – April 2026*

- Redesigned digital presence for a 100+ member chapter, reaching **400K+ monthly impressions**; secured product sponsorship through **Red Bull's** collegiate program and managed corporate partnerships to maximize sponsor ROI and chapter revenue.

PROJECTS

Multi-Strategy Trading Research Platform | *github.com/wgerhardstein/futures-research-platform* — August *2025 – Present*

- Built and ran a statistics-driven research process across **39M+ rows** of market data, testing **8,179 strategy ideas**, rejecting **92%** that failed rigorous testing, and deploying **9 of the survivors into live production**, each independently validated on **1,321 trading sessions** (2021–2026).
- Traced my highest-scoring strategy's performance to r**andomness in the historical data rather than a repeatable edge**, a **92.3% to 34.4% collapse** under new-data testing, and rejected it despite outperforming every benchmark initially.
- Published the full testing layer publicly (Python), including **three independent external audits** and a measured noise floor establishing how large a difference must be before it means anything.

Automated Competitive Analysis Platform — March *2026 - May 2026*

- Built an automated system that monitors **8 competitor storefronts daily** for price changes, launches, and stockouts, turning raw catalog data into **ranked competitive intelligence signals.**

SKILLS & ACTIVITIES

Technical Skills: Python, SQL, Excel (Pivot Tables, VLOOKUP), Tableau, Power BI, Google Analytics, Bash, HTML
